

Bisexual Gym Buddies

Bi is better, but when bi is combined with muscle, its better yet. Cobor and Razsoy. are both happily married men. When they start working out together at the gym, a warm friendship soon develops between them. But theres a growing physical attraction as well, which takes both men by surprise. I want to stay married, Cobor protests, after the first time he and his buddy fool around together. I dont want to be gay. But Razsoy argues that being bisexual allows them to enjoy the best of both worlds. And, as the two muscular gym buddies begin to enjoy their private workouts on a regular basis, going at each other hot and heavy, Cobor has to admit that Razsoy has a point. Life on the down low has its dangers, but that only adds to the excitement. Sometimes forbidden sex is the best sex!
