

## Millennial Capitalism and the Culture of Neoliberalism (Millennial Quartet, Volume 3)

The third installment of the Millennial Quartet, *Millennial Capitalism and the Culture of Neoliberalism* proposes that we are living in an age of revolution in which the dominant forms of capitalist political economy are undergoing major transformations. The intention of this issue is to generate - in as iconoclastic manner as possible - an empirically grounded, conceptual discussion that posits millennial capitalism as an historical formation.
