

A Separate Reality: Further Conversations with Don Juan

With The Teachings of Don Juan, Carlos Castaneda chronicled a journey toward enlightenment under the tutelage of Yaqui Indian guru don Juan. Having sold more than eight million copies of his books around the world, Castaneda has inspired countless readers with his awareness-expanding experiences. After spending five years with Don Juan in the early 60s, Castaneda returned to Mexico in 1968 to continue his exploration of non-ordinary reality and draw ever closer to his ultimate goal of becoming a man of knowledge. Far from Western civilization, Don Juan and his world of hallucinogenic drugs offer insight and inducements toward true awakening-wisdom that Castaneda passes on in this astounding work.
