

This is a great little book of entertainment, great knowledge as well as understanding of the culture of the West African people that relates to marriage. Read about how you can control your teenage daughters from premarital pregnancies by adopting African methods. This book illustrates all spheres of sex life as it is in the facts of life. So much when you see a married African couple you will immediately understand the rules of their marriage life and what they went through before getting married. Even though polygamy is still in practice in some villages and towns among the educated and uneducated people and not completely a departure in the society but in the more developed urban areas, it is dwindling. Learn about the early marital pattern when Mbopo girls were circumcised and made to spend months in the house of seclusion as to debare them from premarital sex, where they were thought formal and informal education on how to take care of their marital homes, husbands and children. You will also read about the rise of African women today from the time of seclusion to this present world of women liberation and feminism which also bring African women to important positions around the continent. This in essence means conquest for women; such as in sex war, female glorious endowment, method of dressing, keeping many boy friends, keeping sugar daddies, high paying jobs, equal opportunities and in all aspects of female metamorphosis. How African culture including the marital pattern which almost prescribed the exact Ten commandments before the arrival of the European Missionary to Africa, especially in this era of promiscuity and sex sin.
