

Annals of the Caledonians, Picts, and Scots: And of Strathclyde, Cumberland, Galloway, and Murray (Classic Reprint)

A nother posthumous workof the late Mr Ritson is now presented to the worlds which the editor trusts will not be found less valuable than the publications preceding it Lord Hailes professes to commence his interesting Annals with the accession of Malcolm II I., because the History of Scotland, previous to that periody is involved in obscurity and fable: the praise of indefotigable industry and research cannot therefore be justly denied to the compiler of the present volumes, who has extended the supposed limit of authentic history for many centuries, and whose labours, in ct, end where those of his predecessor begin. The editor deems it a conscientious duty to give the authors materials in their original shape, unmixed with baser matter; which will account for, and, it is hoped, excuse, the trifling repetition and omissions that sometimes occur.
