

## Daniel Boone: The Pioneer of Kentucky

Daniel Boone is regarded as the first real American folk hero. Without his cunning bravery, settlement west of the Appalachians may not have been made possible for years. Boones Wilderness Road, which is still used today, helped bridge the Cumberland Gap, granting access to the state of Kentucky from Pennsylvania. Thanks to the writing of John S. C. Abbot, the life and genius of Boone can truly be appreciated through Daniel Boone: The Pioneer of Kentucky. Find out just how Boone crafted his Wilderness Trail, what he did to make it happen, and how he overcame the struggles of life in late eighteenth century America. All of Boones greatest achievements can be found in Abbotts words, including: The birth of Wilderness Road Boones time served in the Revolutionary War How he managed to live among the Shawnee Native American warriors His time in the Virginia General Assembly Daniel Boone lived a modest life in his later years, settling down in St. Louis, where he managed land for the rest of his life. If it were not for Abbotts book, the real story of Daniel Boone may never have been told. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise

find a home.
