

Forced Adoption

Forced Adoption is a book on sale at cost price that exposes the secret family courts, the gagging of parents and worse still the forced adoption of their children for such trivial reasons as risk of emotional abuse. All conclusions are sourced from Parliamentary Questions, the BBC, ITV and reputable newspapers such as The Times, the Daily Telegraph and the Daily Mail. I did not believe that secret courts and forced adoptions in a money-driven industry could exist until I verified actual cases. Free legal advice and help is offered to all parents who are victims of this iniquitous system.
