

## The Move

The Move is another smouldering short story in an exciting new range of hot gay erotica from British author J. J. March. Still hot under the collar from the biggest relationship meltdown of his life, Jason is packing to leave everything - including his ex, Joey - behind. What he doesn't plan on, however, is getting trapped in the back of the removal van with his former partner. His usually tame and sweet ex has more than a few things to say - and do - and a brief, heartfelt confrontation leads to the hottest encounter of their relationship, as Joey shows Jason how good relinquishing control can be. Perfect for anyone who likes their gay erotic tales to be character driven, with a touch of sweetness and romance. Please note: this is a short story of approximately 6800 words, featuring scenes of gay romance, erotica, and light bondage.
