

WHAT AFRICAN NEEDS: A book indictment, correction and expository of politics and what true democracy is all about, it exposes African manner of leadership in copying other established countries of the world, privatizing democracy and seat of power, making good governance an illusion to African. what Africans need is equity and justice, fair play, understanding of who an African is and what African can do for Africans, Making our foreign friends to realize that Africans are not fools, that Africa before colony is far better than Africa after colony that what we see toady as benefit of colony is outright corruption and sit tight government that never wants a change. Side phoning economy of Africans, destroying the cultural values of Africa, making Africans to suffer and become slaves in their own fathers land. what Africans need is a change of mentality, ideas, thinking , reasoning and understanding mind to allow better leaders to emerge and take Africans to promise land. that is what Africans need.
