

## Creative Approaches to Health and Social Care Education: Knowing Me, Understanding You

Creative Approaches to Health and Social Care Education is an innovative new resource for lecturers teaching in this area. It inspires course delivery by exploring vibrant and engaging alternatives to traditional approaches, and challenging old techniques. The book is divided into three distinct sections: the first investigating the process of education; the second offering practical guidance for those implementing new ideas; and the third promoting support for lifelong learning. Encouraging reflective practice throughout the chapters, this useful handbook incorporates: a- numerous strategies, including storytelling, literature, cinema, art and classroom provocation a- clear examples and frameworks for those wishing to try out new techniques a- ways to capture the essence of caring within current programmes of education. Written to help accommodate the needs of the diverse health and social care student population, this book will capture your interest and reinvigorate your teaching.
