

The Apple Family: Scenes from Life in the Country

This critically acclaimed, searing play cycle about loss, memory and remembrance follows the Apple family of Rhinebeck, NY as they grapple with events both personal and current in the immediate present: the 2010 election (That Hopey Changey Thing), the tenth anniversary of 9/11 (Sweet and Sad), Obamas re-election (Sorry) and the 50th anniversary of JFKs assassination, which premieres in November.
